

MUHAMMAD ALI ASJAD

+1 513-257-3744 • asjadali0391@gmail.com • [LinkedIn](#) • [GitHub](#) • [Tableau Public](#)

Data Science professional with 7+ years of experience applying SQL, Python, machine learning, predictive analytics, and AI-assisted techniques to transform complex datasets into actionable business insights. Skilled in building forecasting models, analyzing trends, and developing dashboards that support data-driven decision-making and process optimization

EDUCATION

Master of Science, Business Analytics (Data Science Specialization)	Aug 2024 – Apr 2026
Carl H. Lindner College of Business, University of Cincinnati, Cincinnati, Ohio, GPA 3.91/4.0	
Bachelor of Science, Electrical Engineering	Nov 2012 – July 2016
University of Engineering and Technology, Taxila, Pakistan	

WORK EXPERIENCE

Data Science Analyst, Europa Eyewear, Vernon Hills, Illinois	Aug 2025 – Present
- Developed SKU- and brand-level demand forecasting models using Python, R, and SQL, applying time-series modeling, feature engineering, and machine learning techniques to support SIOp and inventory planning - Applied AI-assisted analytics and predictive modeling to identify demand patterns, product lifecycle trends, repeat-buying behavior, sell-through performance, and backorder risk across brands - Built Power BI dashboards with DAX-based measures to present forecasting outputs, KPI trends, and inventory insights for sales and operations leadership	
Research Data Associate, University of Cincinnati (UC)	August 2024 – May 2025
- Designed and optimized Power BI and Tableau dashboards by building ETL pipelines (Power Query, M) and dataflows; created advanced DAX measures for dynamic, drill-down visualizations, improving decision-making efficiency - Built a Generative AI chatbot (LLaMA2, OpenAI) with NLP-to-SQL translation, enabling real-time database querying and reducing manual SQL workload for analysts	
Senior Data Analyst - Marketing Analytics, Epiphany (Remote: U.S./Pakistan)	July 2020 – August 2024
- Led multi-source ETL pipeline development into SQL Server/BigQuery; automated workflows with Excel VBA/Power Query, saving 100+ analyst hours annually - Conducted statistical analysis and A/B testing, boosting conversion rates by 25% and revenue by 30% - Implemented Marketing Mix Modeling and built Tableau dashboards that drove +17% improvement in ROAS and optimized marketing spend by 2%	
Data Scientist – Claims & Risk Analytics, Asia Insurance Co, Lahore, Pakistan	March 2017 – June 2020
- Performed EDA on 300+ variables from multi-terabyte insurance datasets; built BigQuery case-level views for predictive modeling in R - Applied dimensionality reduction and propensity scoring; built classification models (logistic regression, clustering) with 71% accuracy on unseen claims that reduced the compensation claim costs by \$1M	
Marketing Data Analyst, InfoTech, Karachi, Pakistan	July 2016 – February 2017
- Managed the design and development of a 100K+ customer historical database used to inform strategic marketing initiatives and product portfolio decisions - Optimized campaigns based on A/B test results, achieving 4× more qualified leads and contributing to revenue growth from \$50K to \$550K+	

ACADEMIC PROJECTS

- Project on Building Customer Loyalty for Kroger Retail:
Analyzed 40 million+ rows of real customer transaction data to recommend strategies for enhancing customer loyalty. Conducted customer segmentation using RFM analysis to identify distinct customer profiles and performed Market Basket Analysis to suggest bundling frequently purchased items into a "Care Package" targeted at certain demographics of customers (SQLite, PostgreSQL, Python, Tableau)

SKILLS & CERTIFICATIONS

- Languages & Tools:** SQL, Python, R, Excel (VBA, Power Query), Tableau, Power BI, DAX, BigQuery, SQL Server, Flask
- Techniques:** ETL, Data Modeling, Data Cleaning, EDA, A/B Testing, Forecasting, Marketing Mix Modeling, Statistical Analysis, Machine Learning (Classification, Time Series), Data Visualization
- Cloud/Platforms:** Azure, Google Cloud, AWS
- Certifications:** Google Business Intelligence Professional Certificate · Tableau Desktop Specialist · Microsoft Azure AI Fundamentals · Digital Marketing & E-Commerce Certificate
